

## The Tian Shan and its Flowers

*Cancrinia tianshanica*

A new book by V. Holubec & D. Horák: 400 pages; 1000 photos. The book is similar to the earlier one "The Caucasus and its Flowers". Tian Shan mountains are home to numerous steppe, semi-desert and alpine plants many of which should grow well in Calgary.

- Virtual tour of faraway mountains
- Description of 500 species
- Selection of plants to grow
- Description of plants habitat
- Very useful notes on cultivation

*Corydalis fedtschenkoana*
