

**Alpine Garden Club  
of  
British Columbia**

**Seed Exchange 2020**

## Alpine Garden Club of British Columbia Seed Exchange 2020

We are very grateful to all those members who have made our Seed Exchange possible through donating seeds, and to those living locally who volunteer so much time and effort to packaging and filling orders.

Read the following instructions carefully before filling out the seed request form. PLEASE KEEP YOUR SEED LIST, packets will be marked by number only. Please send the Seed Exchange Request Form (last page of booklet) by mail as soon as possible, but postmarked no later than DECEMBER 6. We prefer that you request your seeds on-line (see back page) and the complete seed list is available on the website for reference.

Although the deadline is in December, we would very much appreciate it if people could order early whenever possible. With the restrictions due to the COVID-19 pandemic, the whole distribution process has to be changed, and knowing how many packets of each species are required will help.

**Allocation:** Members are entitled to 30 packets of seeds and qualified donors can request up to 60 packets. Given the challenges of seed packaging this year by our team of volunteers, **please consider that it is not necessary to request your full complement of seeds.** Donors receive preference for seeds in short supply. (USDA will permit no more than 50 packets for those living in the USA.)

To qualify as a donor, a minimum donation of five different species is required. North American members should donate this minimum in seeds native to North and South America. After that seeds from any region are welcome. Overseas members receive donor status for seeds from any area.

List first choices by number only, in strict numerical order, from left to right on the order form. Enter sufficient number of second choices in the spaces below, since we may not be able to provide all your first choices. Please print clearly.

Seeds are marked G or W (wild)

United States members must include:

- 1) your permit for importation of small amounts of seeds (PPQ Form 587);
- 2) the provided inspection station address label;
- 3) a label with your name and home address; and
- 4) a clearly printed, alphabetical list of your first and second choices.

Leave space on the right side of the page for us to enter the information required by USDA.

Australian members: please include a list of seeds requested as required by AQIS.

New Zealand members: please include a list of seeds requested, as required by MAF.

Finally, again because of the COVID pandemic, we don't know how long the distribution process may take, so please don't be impatient if the seeds don't arrive as early as usual.

Any queries to: [seedrequest@agc-bc.ca](mailto:seedrequest@agc-bc.ca) or [seedlist@agc-bc.ca](mailto:seedlist@agc-bc.ca)

We would like to encourage members to make seed requests online as it provides real-time information on the number of packets requested for each taxa. See last page for information.

Alternatively mail seed requests to:

Pam Yokome  
13073 – 61 Avenue  
Surrey, BC V3X 2H4  
CANADA

## THANKS TO OUR SEED CONTRIBUTORS

Once again, very many thanks to the people who worked so hard to collect seeds in their gardens and in the wild. It is our donors who make our exchange possible and we are very grateful to them. We had several new donors this year, and we very much appreciate them. New contributors are our future!

## **Alpine Garden Club of BC Seed Exchange Request Form 2020**

- Enter your first choices - thirty for all members and sixty for donors, in strict numerical order across the page from left to right.
- List second choices (alternates) separately in the space provided, also in numerical order.
- To be postmarked no later than December 6.

**Mail orders to:**

Alpine Garden Club of BC  
c/o 13073 61 Avenue,  
Surrey, BC V3X 2H4 Canada

30 first choices for all members:

Additional 30 first choices for donors:

Donors and non-donors please indicate second choices (alternates) again in numerical order:

**Please print clearly:**

Name: \_\_\_\_\_

Address: \_\_\_\_\_

\_\_\_\_\_

## **Alpine Garden Club of British Columbia Seed Exchange 2020 Available On-line**

You can also request your seeds on-line which we prefer as it allows us to develop a database of seeds requested over the years and provides real-time information to our seed packaging team on the number of packets requested for each taxa.

On-line seed selection is quick and easy and has a number of extra benefits:

- Linked Google search on each seed name to get instant information about that species;
- Instant recognition of qualified seed donors, who are entitled to 60 seed packets;
- Review and change requests before submitting;
- Send a message with your seed request;
- Receive list of names of requested seeds by email.

To use the on-line seed selection, you need to be logged into the club's website with your email address and password. Forgot Password? No Problem! You can use our new Forgot Password feature on the Home Page.

The Alpine Garden Club of BC website can be found at:

**[www.agc-bc.ca](http://www.agc-bc.ca)**
