

ALPINE GARDEN CLUB
OF
BRITISH COLUMBIA
SEED EXCHANGE 2016

We are very grateful to all those members who have made our Seed Exchange possible through donating seeds, and to those living locally who volunteer so much time and effort to packaging and filling orders.

Read the following instructions carefully before filling out the seed request form. PLEASE KEEP YOUR SEED LIST, packets will be marked by number only. Please send the Seed Exchange Request Form (last page of booklet) by mail as soon as possible, but no later than DECEMBER 10. You can request your seeds on-line (see back page) and the complete seed list is available on the website for reference.

Allocation: Donors may receive up to 60 packets and non-donors 30 packets, limit of one packet of each selection. Donors receive preference for seeds in short supply. (USDA will permit no more than 50 packets for those living in the USA.)

List first choices by number only, in strict numerical order, from left to right on the order form. Enter sufficient number of second choices in the spaces below, since we may not be able to provide all your first choices. Please print clearly.

Seeds are garden collected unless marked /W/ = wild collected or /G/W/ = both garden and wild species available. When both are available you may indicate your preference in the space provided or, if you order online, in the 'Add a Note' box at the bottom of the online Order Form.

United States members must include:

- 1) your permit for importation of small amounts of seeds (PPQ Form 587);
- 2) the provided inspection station address label;
- 3) a label with your name and home address; and
- 4) a clearly printed, alphabetical list of your first and second choices.

Leave space on right side of the page for us to enter the information required by USDA.

Australian members: please include a list of seeds requested as required by AQIS.

New Zealand members: please include a list of seeds requested, as required by MAF.

THANKS TO OUR SEED DONORS

Once again, very many thanks to the people who worked so hard to collect seeds in their gardens and in the wild. It is our donors who make our exchange possible and we are very grateful to them.

SEED EXCHANGE 2016 AVAILABLE ON-LINE

You can also request your seeds on-line!

On-line seed selection is quick and easy and has a number of extra benefits:

- Linked Google search on each seed name to get instant information about that species;
- Instant recognition of seed donors, who are entitled to 60 seed packets;
- Review and change requests before submitting;
- Send a message with your seed request;
- Receive list of names of requested seeds by email.

To use the on-line seed selection you need to be logged into the club's website with your email address and password.

If you have not registered your email address with the club or need a temporary password for access, please send a request to the Membership Secretary, Jane Byra at membership@agc-bc.ca. The Alpine Garden Club of BC website can be found at:
